Two toddlers who had received AMTRYKES in the past needed a ramp built as soon as possible before they received their new wheel chairs.

Danny Stine AMBUCS member of the Southwest club was contracted to build the ramp for these two girls.

With the availability of two grants: one available through Greene County and the other grant available through Gorman-Hewitt-Ayars Memorial Fund of United Cerebral Palsy of Dayton, Ohio The ramp was completed just in time for the girls to learn how to utilize the ramp and their new wheelchairs...These two are real sweet toooooo...
