

GREENEBUCS

Greene Light

THIS IS YOUR INVITATION TO:

GreeneBucs Wine Tasting Event

Saturday, April 15th, 6:00 pm-9:00pm

To be held at Brunings Clock Shop, 1481 N. Fairfield Rd., Beaver-creek

Wine samples and light hors d'oeuvres will be served
Please bring a guest for a fun evening and learn about our Greene-bucs Club.

AMTRYKE presentation planned for 6:30, you won't want to miss it.
Bottles of wine will be available for purchase.

RSVP's appreciated by April 8, to Lora Staugler at lora_staugler@sbcglobal.net or 429-4483.

Did you Know???

- That AMBUCS has been awarded a \$75,000 challenge grant. The goal is simple: if AMBUCS chapters increase their AmTryke giving by \$75,000 the foundation will award AMBUCS \$75,000 to buy trykes.
- Do not forget deadline for applications for scholarships is April 15. Any ??? call Gussie 562-6504
- This quarter GreeneBucs is #2 ...great job Cathy!!!

**SEBASTIAN RECEIVES
AN AMTRYKE
AT LUNCH MEETING**

Quoted from Sebastian's mom at the GreeneBucs meeting; "My little miracle, truly a blessing for us." Christy -Sebastian's mom -has written an article about her son that is very informative. Sebastian was born with spina bifida and hydrocephalus (water on the brain).

Spina bifida is a lifelong birth defect in which the spine has not closed completely. One out of every 1,000 newborns in the United States has it!! The effects of spina bifida vary widely from individual to individual. It is a medically complex birth defect affecting the orthopedic, urologic and central nervous system. It may include paralysis of the legs, loss of bowel and bladder control, water on the brain, learning disabilities, depression and latex allergy.

The exact cause of spina bifida is not known; however genetics and environmental factors are involved. Daily consumption of the B-vitamin, (folic acid) through a vitamin prior to pregnancy reduces the occurrence of spina bifida up to 70%. It is very important for all women of childbearing age to take vitamins with folic acid every day since birth defects like spina bifida happen in the first weeks of pregnancy. For couples not thinking about having a child right now, it is still important to take a vitamin with folic acid everyday because about half of all pregnancies in the United States are not planned.

This family is currently involved with the Greater Dayton Spina Bifida support group. To learn more about spina bifida contact SBAA at 1-800-621-3141 or visit www.sbaa.org.

Christy states that Sebastian is a blessing to our family! He has a smile and a laugh that brightens everyday. Sebastian has gone through more tests, ultrasounds and scans in 22 months than most people go through in a life time. This mom first found out about the AMTRYKE through our booth at the Beavercreek Popcorn Festival and is very happy that her son received an AMTRKE at the GreeneBucs monthly luncheon meeting.

Sebastian with his mom preparing to receive his new AMTRKE at GreeneBucs lunch meeting.

Joyce Peet assists family with toddler AMTRYKE

GreeneBucs enjoys members of all ages !!! The old ones and the young ones. Paul Monnig just celebrated his BIG 50!!!

AND Jayden Jones just celebrated his 7 th month in the club.

GreeneBuc members volunteer in Troy, Oh.

Cathrine Grohrband owner of Growing Potentials hosted the Troy Chamber After Hours at her business located outside Troy, Oh. Walt Overholser-GreeneBuc member-from WPCU, coordinated GreeneBucs participation and AMTRYKE give-away. GreeneBucs President Cathy Peters, Sandy Zimmerman-Vice President, Pat Buckholt-District Governor and several GreeneBuc members attended and provided a presentation about AMBUCS, A toddler tryke was presented to a child at this event.

Troy Chamber members look on as a child receives his Toddler tryke at after hours event.
