This is the end of the second quarter and members welcome the next awesome duo of Alan and Sue Eakle for president the third quarter.

GreeneBuc's members had a fun-filled month with a wind up of the P. Buckley Moss events. The wine glasses with a logo were the favorite fund raiser.

Next was the Beaver creek Moose Appreciation Dinner. GreeneBucs and the Moose were featured on Channel 2 News with GreeneBucs accepting a check for \$9500.00 from the Blessing of the Bikes and Moose Lodge #73. Thank you to all the members who donated dessert and supported the event.

And finally, an AMTRYKE build at Alek, Ind., saw 4 trykes assembled. These trykes were delivered to Waynesville Elementary School to the delight of the 4 children who received them (see page 4 for details).

On Sunday, Nov.28th, auction items will be assembled at Bob and Sandy Zimmerman's home (2944 Court Frances, Beaver creek phone # 429-3764) from 3:00 p.m. on. Bring a dish to share and join us in preparing for our largest fundraiser.

Volunteers are also needed on Wednesday, Dec 1, beginning at 9:00 a.m., to set up for the auction. No need to reply, just show up at the Beaver creek Golf Club. All members are asked to donate at least 3 dozen cookies. This helps keep our ticket prices reasonable. Cookies can be dropped off at the golf course that day or left at Sandy Zimmerman's home before hand.

BEHIND THE SCENES

So much goes on behind the scenes that members and friends do not know about. Kora one of our AMTRYKE recipients needed a bigger tyke. She pulled Gussie aside and whispered in her ear "I would like a blue tryke this time, blue is my favorite color." Gussie sadly told her we only have "red trykes". Well thanks to the behind the scene guy Frank Rine an AMTRYKE was painted blue. The story does not end there. The bike and helmet had the AMTRYKE logo and in the past Frank had to remove the logo to paint bikes, but luckily Rob Lee, a father of a son with disabilities, loves to do detailing. When he saw the bike he decided to help out and finished the job. Kora has not received her new "Blue Tryke" yet but we will let you know when she does.

MOOSE APPRECIATION DINNER

8th Annual Moose Riders' Appreciation Dinner was held Sunday November 14th with Fireman, Police, EMT, and Elected Officials in attendance.

Featured on the right are Moose members with their donation of \$9500.00 to GreeneBucs. This was a donation from the club and the "Blessing of the Bikes" event. Featured below are Gussie Jones and Dick Stewart preparing to talk to the Channel 2 reporter about this event and the donation to GreeneBucs.

Sandy Zimmerman with Firefighters and Rick Perales, County Commissioner.

GUSSIE JONES RECEIVES LIFETIME MEMBERSHIP IN AMBUCS.

Pat Buckholt presents Gussie with her certificate of Lifetime Membership

Howard Camp was the luncheon speaker November 3, 2010. He is a veteran from the Korean War and spoke about his experiences overseas. He enjoys talking to young people to inform them of his experience in the military and serving in Korea. In addition Mr. Camp has been president of the Greene County Chapter of Korean Veterans.

Bill Richey-2006 Disney Award Honoree and 11th Grade Chemistry Teacher spoke at the November 17, 2010 meeting. Mr. Richey presented a variety of chemistry demonstrations. His main focus featured a Harry Potter theme-Science not Magic. He literally lit up the crowd with his plasma energy transmitter. Featured are Gussie Jones, Joyce Peet, Pat Buckholt and Jerry Butts with Mr. Richey.

TRYKE BUILD AND GIVE AWAY WAYNESVILLE

GET THESE TRYKES BUILT!!!!

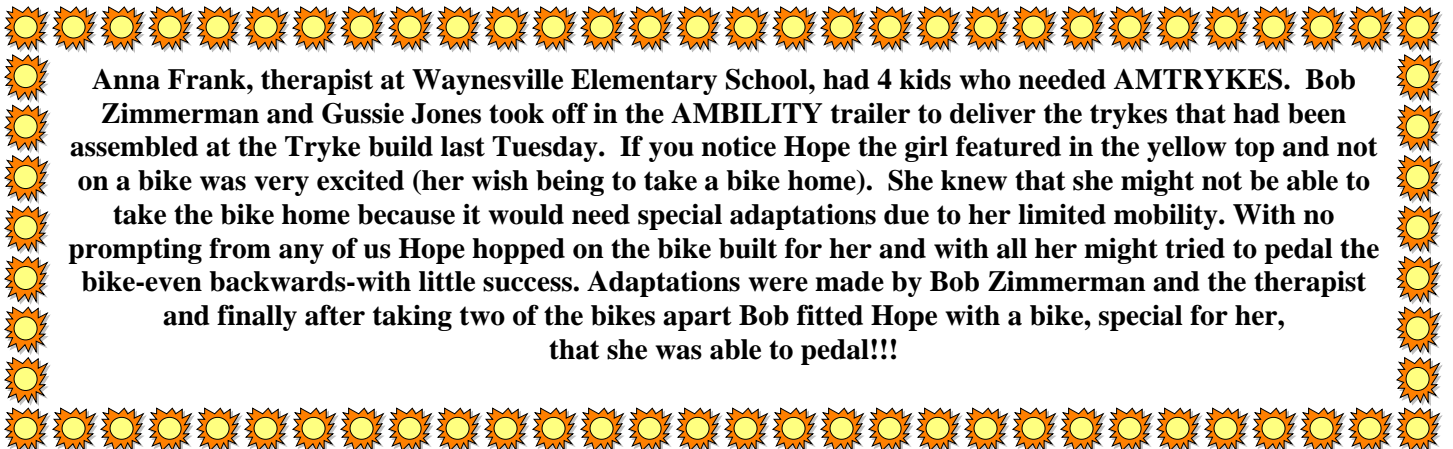

Ethan takes off on his new AMTRYKE, while his parents and Bob Zimmerman look on.

A happy smile from Anna and her sister as she receives her new AMTRYKE.

Anna Frank, therapist at Waynesville Elementary School, had 4 kids who needed AMTRYKES. Bob Zimmerman and Gussie Jones took off in the AMBILITY trailer to deliver the trykes that had been assembled at the Tryke build last Tuesday. If you notice Hope the girl featured in the yellow top and not on a bike was very excited (her wish being to take a bike home). She knew that she might not be able to take the bike home because it would need special adaptations due to her limited mobility. With no prompting from any of us Hope hopped on the bike built for her and with all her might tried to pedal the bike-even backwards-with little success. Adaptations were made by Bob Zimmerman and the therapist and finally after taking two of the bikes apart Bob fitted Hope with a bike, special for her, that she was able to pedal!!!
