

GREENE LIGHT AUGUST 2011

GREENEBUCS IS NUMBER SEVEN IN THE NATION

ELVIS ABOUNDS IN MEMPHIS-the GreeneBuc members who attended the AMBUCS National Conference found the experience a memorable time. Members visited the surrounding area, Graceland, Beale Street, a riverboat ride, museums, local eateries and of course barbeque. We were entranced at the Peabody Hotel as the trained ducks ran up the red carpet to the fountain and back again into the elevators. *The conference provided entertainment, lots of laughs, tears, motivational and inspirational speakers, educational sessions and lots of opportunities to make a difference in the lives of people with disabilities.*

Convention activities included a Wednesday buffet dinner/dance which featured a seventies band costumed in spandex pants and long hair. One of the attendee's daughter's highlighted the night by playing air guitar on stage.

Thursday featured Ollie Mannino, trainer, motivational speaker, humorist and organizational consultant who pointed out how all of our personalities are needed to make a group work and the joy that surrounds the good works that are accomplished by AMBUCS members. Thursday evening the William L. White and Ambility Ambassadors Foundation Dinner was held at the Rock and Soul Museum. Much to everyone's surprise the sky opened up with a downpour that gave us all a free shower ! The guest were greeted with paper towels to dry off. This event was held at a great venue and the music and food were excellent.

Friday morning started off at 6:30 A.M. for the Big Hat Auction /Breakfast. As you can see we are there with cheerful smiles on our faces.

Later, AMBUCS member Judy Pollard-therapist of the year presented an attention grabbing video on assisting children with autism and other disabilities to talk. If you have a chance check out her website at www.erinishope.org. Veteran James Howard, who is disabled, spoke about how being an AMBUC has helped him cope with his disabilities. Thanks, Joe for the bus ride home!

The AMBUCS Veteran's ride started off early Saturday morning. A ceremony was held at the front entrance of the downtown Memphis Marriott for the first Annual Veteran's Ride. Twenty-two AMTRYKES were presented to Veterans who rode those bikes with family members to Beale Street and back. The Patriot Riders headed up the group, while AMBUC members lined the street waving American flags to honor these individuals as they took off on their new trykes. Many on-lookers were moved to tears watching these brave men and women riding along with their family members.

Two brothers received AMTRYKES.

Saturday was filled with many remarkable events. The day began with the 6th Annual Trek for Trykes. More than \$8000 was raised from this event that saw several Greenebucs member participate.

The next event was the AMTRYKE Rodeo where 50 AMTRYKES were given away. Sandy Zimmerman assisted Linda Wolford coordinating the families with their new trykes. Rick Kerr, in-coming National President along with Joe Copeland checked the newly built AMTRYKES, as Greg Ferris, out-going National President, talked with families. The members from across the nation who volunteered at the rodeo worked hard. The families and children showed their appreciation with many "thank you" and smiles.

One little boy was so happy about receiving his new bike he said, "I am just smiling, smiling and I cannot make it go away". Later that evening the President's Dinner/Officer Installation was held and Rick Kerr did both a visual and musical presentation on next year's site Oklahoma City, Oklahoma.

As always GreeneBucs members are involved behind the scenes, Gussie Jones assisted Danelle Copeland in the AMBUC store; Sandy Zimmerman was very busy with the rodeo, selling raffle tickets and being MC for door prizes; Alan and Sue Eakle donate their time and financial support; Bill and Pat Buckholt and Lea Ravlin make sure we have gifts for the Big Hat Auction as well as follow through on awards. Plan ahead for next year and join us for all the fun at Oklahoma City, July 11-14.
